Pet Of The Month

SWEET POM POM

Upland Adorable Pet of the Month: The Fabulous Pom Pom!

Upland, make way for a local legend! We are thrilled to introduce our January Pet of the Month, Pom Pom, a 2-year-old Pomeranian with a personality that's even bigger than her fluff. This girl lives life in full color—specifically PINK, which you'll frequently see her sporting (by her own demand, of course!). While she's a fashion icon, she's also a bit of a rebel; her favorite activity is chewing on anything she shouldn't, leading to a few legendary late-night vet adventures. When she's not busy being fabulous, she's hard at work protecting the community from her three biggest enemies: trash trucks, anyone approaching her front door, and any dog who hasn't been properly investigated yet. We love a girl with attitude—welcome to the spotlight, Pom Pom!

Live Well

Intentional New Beginnings

The Vibe: Healing & Movement Focus: Mind-Body Reset

January at The Upland is about finding your center amidst the beautiful San Gabriel backdrop. This month, we're focusing on The Reset, a wellness movement gaining traction in our community that emphasizes therapeutic movement and presence.

Your Wellness Mission:

Therapeutic Yoga: Visit The Mind-Body Connection on Central Ave for a "Healing Foundations" class. They focus on nervous system resets rather than just perfect poses—ideal for shedding any remaining 2025 stress.

Trail Therapy: Take advantage of our proximity to San Antonio Heights. A crisp morning hike provides a natural serotonin boost and breathtaking views of the snow-capped peaks.

Infrared Detox: For a quicker "glow," try a session at [HOTWORX Upland](#). The combination of infrared heat and isometric exercise is a great way to boost circulation and energy levels during the cooler January days.
